## ● ABOUT ME

---

Web solutions developer in Java, passionate about turning code into innovative solutions. Specialized in Java/Spring Framework, my focus is on creating scalable solutions with high availability, adhering to the principles of Clean Code, Design Patterns, and the concepts of S.O.L.I.D.

I hold a postgraduate degree in Software Architecture in Java and am a Java Fullstack Developer graduated from UNICIV (2022).

I actively seek knowledge through specialized courses to stay updated with market technologies.

**\*\*Objectives:\*\***

Short-term: Achieve fluency in English and collaborate with international development teams.

Long-term: Become a reference as a developer, contributing to the advancement and innovation in the field.

## ● WORK EXPERIENCE

---

10/05/2022 – CURRENT Remote, Brazil

### **SOFTWARE DEVELOPER** SEBRATEC

---

I contribute to the team in developing system improvements based on Java language with Spring framework and other tools, adhering to the principles of Clean Code, Design Patterns, and S.O.L.I.D.

I actively participate in the requirements analysis processes and creatively assist in the design and usability of new features. I identify and solve complex technical challenges, staying up-to-date with best practices and technologies.

02/11/2021 – 30/04/2022 Remote, Brazil

### **SOFTWARE DEVELOPER** GFT BRASIL CONSULTORIA INFORMÁTICA LTDA

---

I played the role of a software engineer in the development team, working on substantial projects that required market-aligned technologies such as Java 11, Spring Framework, MongoDB, Kafka, Junit, REST API, among others. I contributed to the development of a highly scalable and efficient microservices architecture, where our innovative approach drove the delivery of high-impact solutions.

17/04/2021 – 20/10/2021 Remote, Brazil

### **SOFTWARE DEVELOPER** DEVELCODE TECNOLOGIA EM SISTEMAS

---

As a Software Developer, I specialized in crafting Microservices using Java and the Spring Framework, leveraging technologies such as Java 11, Spring Framework, Oracle 13, GitLab CI/CD, Maven, among others. I implemented robust tests with JUnit5 and Mockito, ensuring the reliability of the services.

I contributed to the design of RESTful APIs, using Swagger for documentation. I established efficient communication via RabbitMQ, contributing to a cohesive architecture. I worked in an agile Scrum environment, ensuring the timely delivery of high-quality solutions. This experience provided me with a comprehensive set of skills, covering the entire software development lifecycle.

16/07/2018 – 08/04/2020 Jaraguá do Sul, Brazil

### **SOFTWARE DEVELOPER** SYSTÊXIL

---

In the early stages of my career at this company, I contributed to the development of textile modules and the maintenance of existing ERP modules. I worked with technologies such as Java 1.8, ReactJS, PL/SQL, Oracle 11, NXJ, and Vision. I utilized tools like Jenkins and Bitbucket to streamline development processes. Following the Kanban agile methodology, I efficiently managed the development lifecycle, always seeking improvements. This initial experience provided me with a solid foundation and the opportunity to learn and grow in the field.

● **EDUCATION AND TRAINING**

---

14/06/2014 – 09/04/2017 Guaramirim, Brazil  
**BACHELOR OF ANALYSIS AND SYSTEMS DEVELOPMENT** UNIASSELVI FAMEG

---

**Address** Imigrantes, 89270000, Guaramirim, Brazil | **Website** <https://portal.uniasselvi.com.br/>

19/12/2021 – 20/08/2022 Remote, Brazil  
**POSTGRADUATE IN SOFTWARE ARCHITECTURE IN JAVA** UNICIV

---

**Website** [www.uniciv.com.br](http://www.uniciv.com.br)

19/12/2021 – 19/08/2022 Remote, Brazil  
**POSTGRADUATE IN FULLSTACK JAVA DEVELOPER** UNICIV

---

**Website** [www.uniciv.com.br](http://www.uniciv.com.br)

● **LANGUAGE SKILLS**

---

Mother tongue(s): **PORTUGUÊS (BR)**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
<b>INGLÊS</b>	B2	B2	B1	B1	B2

*Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user*

● **DIGITAL SKILLS**

---

Microsoft Office | Google | Gosto pelo trabalho em equipa | Nível avançado de Java (com Springboot) | Springboot | Microsserviços | Junit 5 | Oracle PL/SQL, Oracle DB | Mockito | TDD/BDD | Java 11 | GitlabCI | Git GitHub | Apache Maven | REST API (RESTful API) | Conhecimentos em gesto de Banco de dados (PostGres Oracle MySql) | Jenkins | software ERP de gestão | Open API Swagger 2.0 | Algoritmos e Estruturas de Dados | Apache Camel | Design Patterns | spring cloud | S.O.L.I.D | Curso Spring Boot, JWT, Hibernate e JPA
